

# ExcluBarset® Window Barsets

## Applications

- Utility buildings
- Factories and warehouses
- Police stations
- Banks and building societies
- Retail outlets
- Remote building locations

# ExcluBarset® Window Barsets

## Features

- LPCB security rated fixed window barset system.
- Heavy duty and attack resistant.
- Designed to fit square, rectangular, round or curved window openings.
- Choice of tested and certified options to LPS 1175 Security Classifications B3 (SR2), C5 (SR3) or D10 (SR4).
- Secured by Design accredited.
- Manufactured from heavy duty steelwork sections and reinforced steel bars.
- Single or modular/multiple unit configurations.
- Internal face fix, external face fix or reveal fix installation options.
- Suitable for fitment to masonry, concrete or steelwork substrates.
- Expansive range of sizes.

## Sizes

Custom produced window barsets to suit as-built or specified structural opening sizes. (Refer to applicable LPCB Certificate of Approval for maximum/minimum sizes).

## Fixing Method

Fastened to structural openings through outer framework with tamper resistant expansion anchors to masonry/concrete openings or tamper resistant machine screws to drilled and tapped holes in existing steelwork.

## Finish

- Galvanized finish as standard.
- Optional polyester powder coat finish to BS/RAL standard colour range.

## Security Rating

Tested and certified to Loss Prevention Standard LPS 1175 Issue 8. Security Classifications B3 (SR2), C5 (SR3) and D10 (SR4). Secured by Design accredited.

**Bespoke Design Services**

Complementing our standard door ranges we also offer a complete, bespoke design service to suit specific client needs or to overcome site/building constraints.

**Sunray Installation Service**

We offer a full installation service covering our complete range of steel door and louvre systems. Work is carried out by our own qualified factory-skilled operatives and not sub-contractors.

Procedures are audited and our installation process is approved and certified by CHAS, Safe Contractor, Achilles Building Confidence and Achilles UVDB.

Sunray's Installation Service is certified by the LPCB/BRE to LPS 1271 for security and fire doors.

**Nationwide Delivery Service**

Specialist transport service includes curtain sider lorries with Moffett facility, flat bed lorries with HIAB facility and lightweight vans as applicable.
